---

As a software engineer with a degree in business and experience in customer service, I bring my business knowledge and apply it to all of my coding projects. I naturally get excited and passionate about visualizing and creating apps from the ground up and seeing them come to life. I specialize in full-stack JavaScript technologies (MERN stack: MongoDB, Express JS, React JS, Node JS) to build complete web applications with API systems.

SKILLS

Languages - JavaScript, HTML, CSS, Python, SQL, Mongo, JSON, Typescript, EJS, DTL

Database - PostgreSQL, MongoDB

Libraries and Frameworks - React (class-based and hooks), Express.js, Django, jQuery, Bootstrap, Bulma

Other - RESTful Routing, JSON API

SOFTWARE DEVELOPMENT PROJECTS   Aug 2020 - Present

Restaurant Overhaul | *Revamped a businesses website adding*
- Full-stack web application utilizing a **MEN stack** (MongoDB, Express, Node.js)
- Utilized JavaScript, EJS templating for views, and Bootstrap for styling.

Project Wayfarer | *A web application where people can share tips about their favorite street art around the world.*
- Full-stack web application utilizing **Python**, **Django**, **PostgreSQL**, Bootstrap, Heroku, and **GitHub** for version control.
- Full **CRUD** (create, read, update, delete) capabilities.

instaBump | *An Instagram clone to upload and share photos.*
- Reverse engineered a full-stack web application utilizing a MEN stack (**MongoDB**, **Express**, **Node.js**) to build a full-stack application in a 1-week sprint.
- With full create, read, update, delete (CRUD) operations hitting all RESTful API calls.
- Created front-end application with a web-first approach utilizing **HTML**, **CSS**, **JavaScript**, and **jQuery** for DOM manipulation.

Project Zero | *My first simple game app.*
- Built a front-end web application that users can see and interact with
- Utilized **HTML**, **CSS**, **JavaScript**, **APIs**, **jQuery**, **GitHub**

PROFESSIONAL EXPERIENCE

University of Calfornia, San Francisco | Intern   **Aug 2019 - June 2020**
- Interned for hospital research team called DeLIVER Care by creating schedules and also marketing material for the services they offer by using the latest technologies, iPad Pro and Canvas app.

Uber, Driver | San Francisco, CA   **May 2013 - Mar 2020**
- Achieved Top Driver status by having a 4.96 rating while completing 6,600+ rides.
- Transported 15-30 clients daily to and from their destinations; demonstrated flexibility and patience dealing with unexpected traffic and passenger issues.
- Generated an Excel spreadsheet to monitor and track mileage, maintenance, and miscellaneous expenses for tax purposes.

Mechanics Bank, Customer Service Representative / Teller | Oakland, CA   **Jan 2017 - Sep 2017**
- Assisted over 50 clients a day processing check orders, balancing their accounts, opening safe deposit boxes, and processing transactions following established procedures and security guidelines. Communicated professionally and discreetly.

- Protected the bank's assets by ensuring sufficient funds in accounts, including processing stop payments.
- Implemented a new filing system and reorganized the office to allow for more efficient use of our time.

Target, Guest Service Team Member | Pinole, CA   **Sept 2011 - Aug 2013**
- Awarded Employee of the Month and Cashier of Month (3x) within the first year based on being trained in multiple departments and consistently exceeding sales targets.
- Selected to be cross-trained in multiple departments, including customer service, cashier, sales floor Target cafe, and electronics; resulting in being entrusted with covering managers' breaks and lunches.

EDUCATION
General Assembly | Remote

Software Engineering Immersive   **June 2021 - Sep 2021**
Full-stack software engineering immersive student in an intensive, twelve-week, 450+ hour program focused on product development fundamentals, object-oriented programming, MVC frameworks, data modeling, and team collaboration strategies. Developed a portfolio of individual and group projects.

San Francisco State University | San Francisco, CA
Bachelor of Science in Business Administration, concentration in Information Systems   **Aug 2020**
- Dean's List (2x)
- SAP Recognition Award
- Mendix Rapid Developer Certificate

University of California, Davis | Davis, CA
June 2017
Managerial Economics General Ed

Diablo Valley College | Pleasant Hill, CA
Associate's Degree in Political Science   **May 2015**
